

Easter Activities

at Douthat State Park

Saturday – April 7, 2007

11:00 AM – Rabbit Kapers:

All of our “Kapers” programs are designed to expose youth to the wonderful world of nature in a creative way. Stop by the Discovery Center to have some fun, make something neat and learn about **rabbits** before you are done.

1:00 PM – Recycled Easter Basket Making:

Meet at the Discovery Center for the chance to make an Easter basket by recycling items that are thrown out everyday at home. Then prepare to fill your basket at our egg hunt.

2:00 PM – Easter Egg Hunt:

The field around the Discovery Center will have a special visit from the Easter Bunny one night early. Hundreds of toy-filled eggs will be hidden for youngsters under the age of 12 to seek.

3:00 PM – Magic of Douthat:

Venture over to the amphitheater to meet Bobby Nuckels and his special pal Goober as they provide an afternoon of fun filled with magic and comedy.

Many of Douthat’s activities will meet at the Discovery Center. To get there: turn onto the gravel road towards Camp Carson Shelter, continue past the children’s fishing area, across the low water bridge, and park in the parking area. The Discovery Center is the shelter on the left. For more information, contact the interpretive staff by phone at 540-862-8114 or email at douthatinterpreter@dcr.virginia.gov.
